**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have Sonic.net fiber internet and my understanding is that the new rules would make it harder for smaller ISPs to get fiber internet to customers because of AT&T. This is definitely bad as I gave up Comcast and AT&T a long time ago due to bad customer service. In fact, I currently have AT&T for my work and I don't even understand how they're still in business given their poor, outsourced customer service agents and crazy slow speed of getting folks set up. US Telecom have recently petitioned you to take away access to critical unbundled network elements, please vote against this.

Best,
Gabriel
